Explosion Proof Rechargeable High- Intensity Light 7403

Features & Benefits

- Complies with explosion proof/hazardous location requirements; IP68 (Totally protected against dust and long periods of immersion under pressure); Class 1 & 2, Division 1 & 2, Group A-F (all gases and dust except grain) T4A, explosive environments per UL 783 standards
- 20 Watt HID Metal Halide
- 1200 Lumens, Projection distance 2500 ft
- Run time: 90+ minutes with 2600 mAH Battery
- Rechargeable Lithium Ion Battery
- Light Body: Hard Anodized Aircraft Grade Aluminum
- 100/240VAC 50/60Hz with overcharge protection
- Optional Accessories: Black light UV lens (can be used for specialized inspection including leak detection), LED indicator, DC 12-24 volt with overcharge protection

Power Usage	20 Watt
Length	11.5 in., 292 mm
Weight	30 oz, 850 gm
Light Head	3 in., 76.2 mm
Beam	12 degree fixed
Power Switch	Push button on/off
